

2022 Rules Clarification:

- We will play a full field of hockey with a minimum of 7 players on one team. (If an imbalance we would encourage the sharing of players).
- This applies to U15 and above.
- For any U15 or above matches that are played on a half field, no points will be awarded and it is deemed a scratch match.
- Any scratch match is played on a half field and no more than six field players plus one goalie, if no goalie then there is a maximum of six players on the field at any time. There can still be players on the bench.

U12:

- 7-8 players play on a half field and points are still awarded.
- Teams that are larger have the choice whether to lend players. If they bring the smaller team up to 9 including the goalie, then it is played on a full field.
- That is a minimum of 9 including the goalie on both teams is required for a full field for the U12.

Please note:

- Juniors must at all times wear Face Masks when playing penalty corners.
- This includes when they are playing up for a Senior team. (Seniors are also highly encouraged to wear them to set a good example and ensure that juniors playing up are wearing them.)

Player registration:

- If you are not registered with HV or WGHA you cannot play.
- Please contact the President - Andrew Mock, if you have someone new to hockey who wants to start / try out hockey, for registration options, well prior to the game.
